IPSA's new Publication Scheme

We have published our report following a consultation on our Publication Scheme, which ran from 18 March to 25 April.

Having considered the responses to the consultation, we have revised our proposals in two ways. We will place on our website our policies on recruitment, health and safety, equality and diversity and customer service, where we have them. We will no longer publish the addresses of MPs' landlords.

The new Scheme includes changes to the annualised publication of data scheduled for September.

Annual Survey of MPs and staff

There is just over a week remaining to have your say in our Annual Survey of MPs and staff. It is a 10 minute survey in which you can give your opinions about the service we provide to MPs and our regulatory role.

We have responded to the results of previous surveys and changed aspects of what we do. For example, we opened our phone lines in the mornings as well as the afternoons, and we have made improvements to our website, and provided help to MPs to increase their use of direct payment facilities.

The survey software anonymises all responses so do call us if you have a specific query. The survey will close on Tuesday 22nd July.
