Staffing budget reports

Your February Staffing Budget reports were due to be available from the online expenses system on Saturday 7th March. However as the recent financial statements (with data as at 18th February), were still being published at this time, we decided it would be beneficial to wait until all of these had been distributed.

The February Staffing Budget reports will therefore be available from Thursday 12th March 2015.

However should you require this report prior to Thursday, please contact us at; payroll@parliamentarystandards.org.uk and we'll make it available to you.

Please be aware that the financial statements include a forecast for February, whereas your Staffing Budget reports will detail February's actual payroll figures and also any agreed actions for February. It does not reflect any adjustments recently discussed to be processed in March's payroll.
